

Threes and Fours Weekly Lesson Plan

Week: June 21-June 25, 2021

Monthly Theme: Water, Water Everywhere

Weekly Focus: Boats and Pirates

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
Morning Circle	Morning Circle	Morning Circle	Morning Circle	Morning Circle
Sail Away with me! We will explore different kinds of boats and discuss how they move and what they are used for. We will play Name That Boat, and identify the pictures of the types of boats).	We will introduce the wonderful world PIRATES! We will answer the questions: What kind of boats do Pirates travel in? What would your pirate ship look like? Why? We will put together the first of our daily excursion maps to see where we are setting sail to for the day.	Aye Matey! It's a Pirates life for me! We will discuss and brainstorm what it means to be a Pirate. We will describe the characteristics of a pirate. We will put together our excursion map for the day Book: Do Pirates Take a Baths?	We will play the Pirate, Parrot repeating game. Teachers will say the chant: "I am the pirate; you are the Parrot repeat after me." We will explore ocean and pirate concepts during the duration of our game. We will put together our excursion map for the day. Music: Bandana Dance-we will dance to pirate music and wave our bandanas. Book: How I Became a Pirate	We will review the things we learned about pirates and boats. We will put together our excursion map for the day Music: Introducing the Shipwreck band! We will play instruments dressed as pirates.
Excursion	Excursion	Excursion	Excursion	Excursion
Mall Play	City Center	Freedom Plaza	John Marshall Park	Farmer's Market
Morning Activity	Morning Activity	Morning Activity	Morning Activity	Morning Activity
STEM: Boat Creation Station-The children will use loose parts (i.e., plastic bottles, pool noodles, foam, straws etc.) to create their own boats and we will test to see if they float.	Art: Pirate hat- The children will make their own pirate hat using cardstock and glue. Gross Motor: Hook ring toss game-the children will toss rings around the hooks.	Gross Motor: Walk the plank- Children will walk across a balance beam and pretend to be staying away from sharks. Math: Number Treasure Hunt-The children will hunt for and collect numbered jewels.	Math: Pirate Clip Cards-the children will count the ships on the card and put the clothes pin on the corresponding number. Gross Motor: Shark Attack- like musical chairs the children will walk around the pieces of land (lettered mats) until we say "Shark Attack!" At that point they have to run to land to be safe. Each round a mat will be removed.	Literacy: Pirate's gold letter match-the children will match the lettered gold to the letter card. Math: Pirate Treasure chest- The children will match the shape to the corresponding treasure chest with the corresponding shape.
Afternoon Activity	Afternoon Activity	Afternoon Activity	Afternoon Activity	Afternoon Activity
Literacy: Alphabet boat matching-the children will match the lettered base of the boat to the corresponding sails.	Math: Shape Treasure hunt-the children will hunt for shapes	Art: Create your own pirate spy glass- the children will decorate a paper towel roll and use it as a pirate spyglass.	S.T.E.M.- Sunken Treasure- the children will explore items to see if they sink or float.	Gross Motor: Pin the patch on the pirate- the children will take turns trying to pin the patch over the Pirates eye.
